Joseph H. Sulkowski Workshop Improving the Effects of Light and Atmosphere in Painting

Place: Tennessee Art League
Cost: \$350 TAL Members;
\$400 Non-TAL Members
Please contact TAL to register;
615-736-5000
Dates: April 30 & May 1, 2011
Space is Limited

Workshop Description & Supply List:
The focus of the workshop is "Seeing the Light" in painting. Mr. Sulkowski will be teaching concepts of light, space and atmosphere and how to use these principles in creating a sense of light in a composition, whether it's a landscape, still life or figure. These principles are based upon those used by the Old Masters.

SUPPLY LIST:

COLORS: White, Cadmium yellow light, cadmium orange, yellow ochre, cadmium red light, Alizarin crimson, cerulean blue, ultramarine blue, ivory black, raw umber, chrome green.

OIL: Linseed oil, dammar varnish, odorless turpentine.

For cleaning brushes: Mineral spirits, brush washer.

Other: paper towels, palette knife, bristle brushes, at least one # 2 or #4 sable brush, C-clamp.

SUPPORTS: canvas or panels.

Joseph H. Sulkowski began his studies as a painter at America's oldest art school, the Pennsylvania Academy of Fine Arts founded in 1809. He then continued and finished his studies after five years at the venerable Art Students League of New York. There, he met his greatest influence and mentor Frank Mason, the foremost authority on the principles and techniques of the Old Masters, and became, in the very traditional sense of the word, his apprentice. Mr. Sulkowski has received numerous awards including the AAPL Grand National Award, the Grumbacher Gold Medallion Award and the Best in Show Award at the Art in the Mountains exhibition sponsored by Southwest Art magazine. He is a signature member of the prestigious Society of Animal Artists, the National Society of Mural Painters, the National Arts Club, the American Artists Professional League, and he is a Life Member of the Art Students League of New York.

Please visit josephsulkowski.com for more information about the artist.

"Painting Glass and Still Life"

Paint a stunning still-life and the transparency of glass with a planned approach as Paul guides you through the basics of reflection, translucency and transparency.

Paul will demonstrate the versatility of watercolor paint. You will learn how to mix colors using a limited palette and how to work in thin layers of washes to build up luminous colors. Paul will lead you step-by-step with illustrations of the painting process. Emphasis will be on what makes a good painting, planning the entire picture area, the importance of thinking through the composition, good division of shapes, value planning, what to communicate about the subject, and how to correct mistakes. If water-media is your passion, then this highly energized painting workshop is for you! Paul's stress-free, positive approach toward the act of painting will inspire you to loosen up and have fun again. Expect an intense, concentrated and lively workshop where you will elevate your understanding of how watercolor can be controlled.

Paul is the author of *Painting Spectacular Light Effects in Watercolor*. His work is often featured in *International Artist* and *The Artist's Magazine*. He is a signature member of the American Watercolor Society and National Watercolor Society. He is a frequent judge/juror for national and international watercolor exhibitions.
